- Objective:** Change of Product Label for lead(Pb)-free products
- Application:** All lead(Pb)-free and RoHS (Restriction of Hazardous Substances) compliant products.
- Background:** Old product identification „LEAD (Pb) FREE“ on product label shows only one aspect of the RoHS compliancy of the parts.
- New product identification „RoHS Compliant“ states the full RoHS conformity of the devices.
- Realization:**
- | old | new |
|----------------------------|-----------------------|
| „LEAD (Pb) FREE“ | „RoHS Compliant“ |
| and | printed on |
| “Z” after Type description | Barcode Product Label |
| printed on | |
| Barcode Product Label | |
- Time schedule:** Phase-In of new identification on product label starts June 2004

If you have questions contact your local Sales office, please.
