EU RoHS - Directive 2002/95/EC:

Orgalime WEEE task force interpretation of maximum concentrations

- Maximum concentration value of heavy metals
 - Lead (Pb) 0,1 weight%
 - Mercury 0,1 weight%
 - Cadmium 0,01 weight%
 - Chromium VI 0,1 weight%
- Maximum concentration value of flame retardants
 - PBB 0,1 weight%
 - PBDE 0,1 weight%

If the device do not exceed this maximum contamination limits it can be declared as a green product.
